**GEEL**

**WHY WON'T  
THIS HELP ME  
STEAL?**

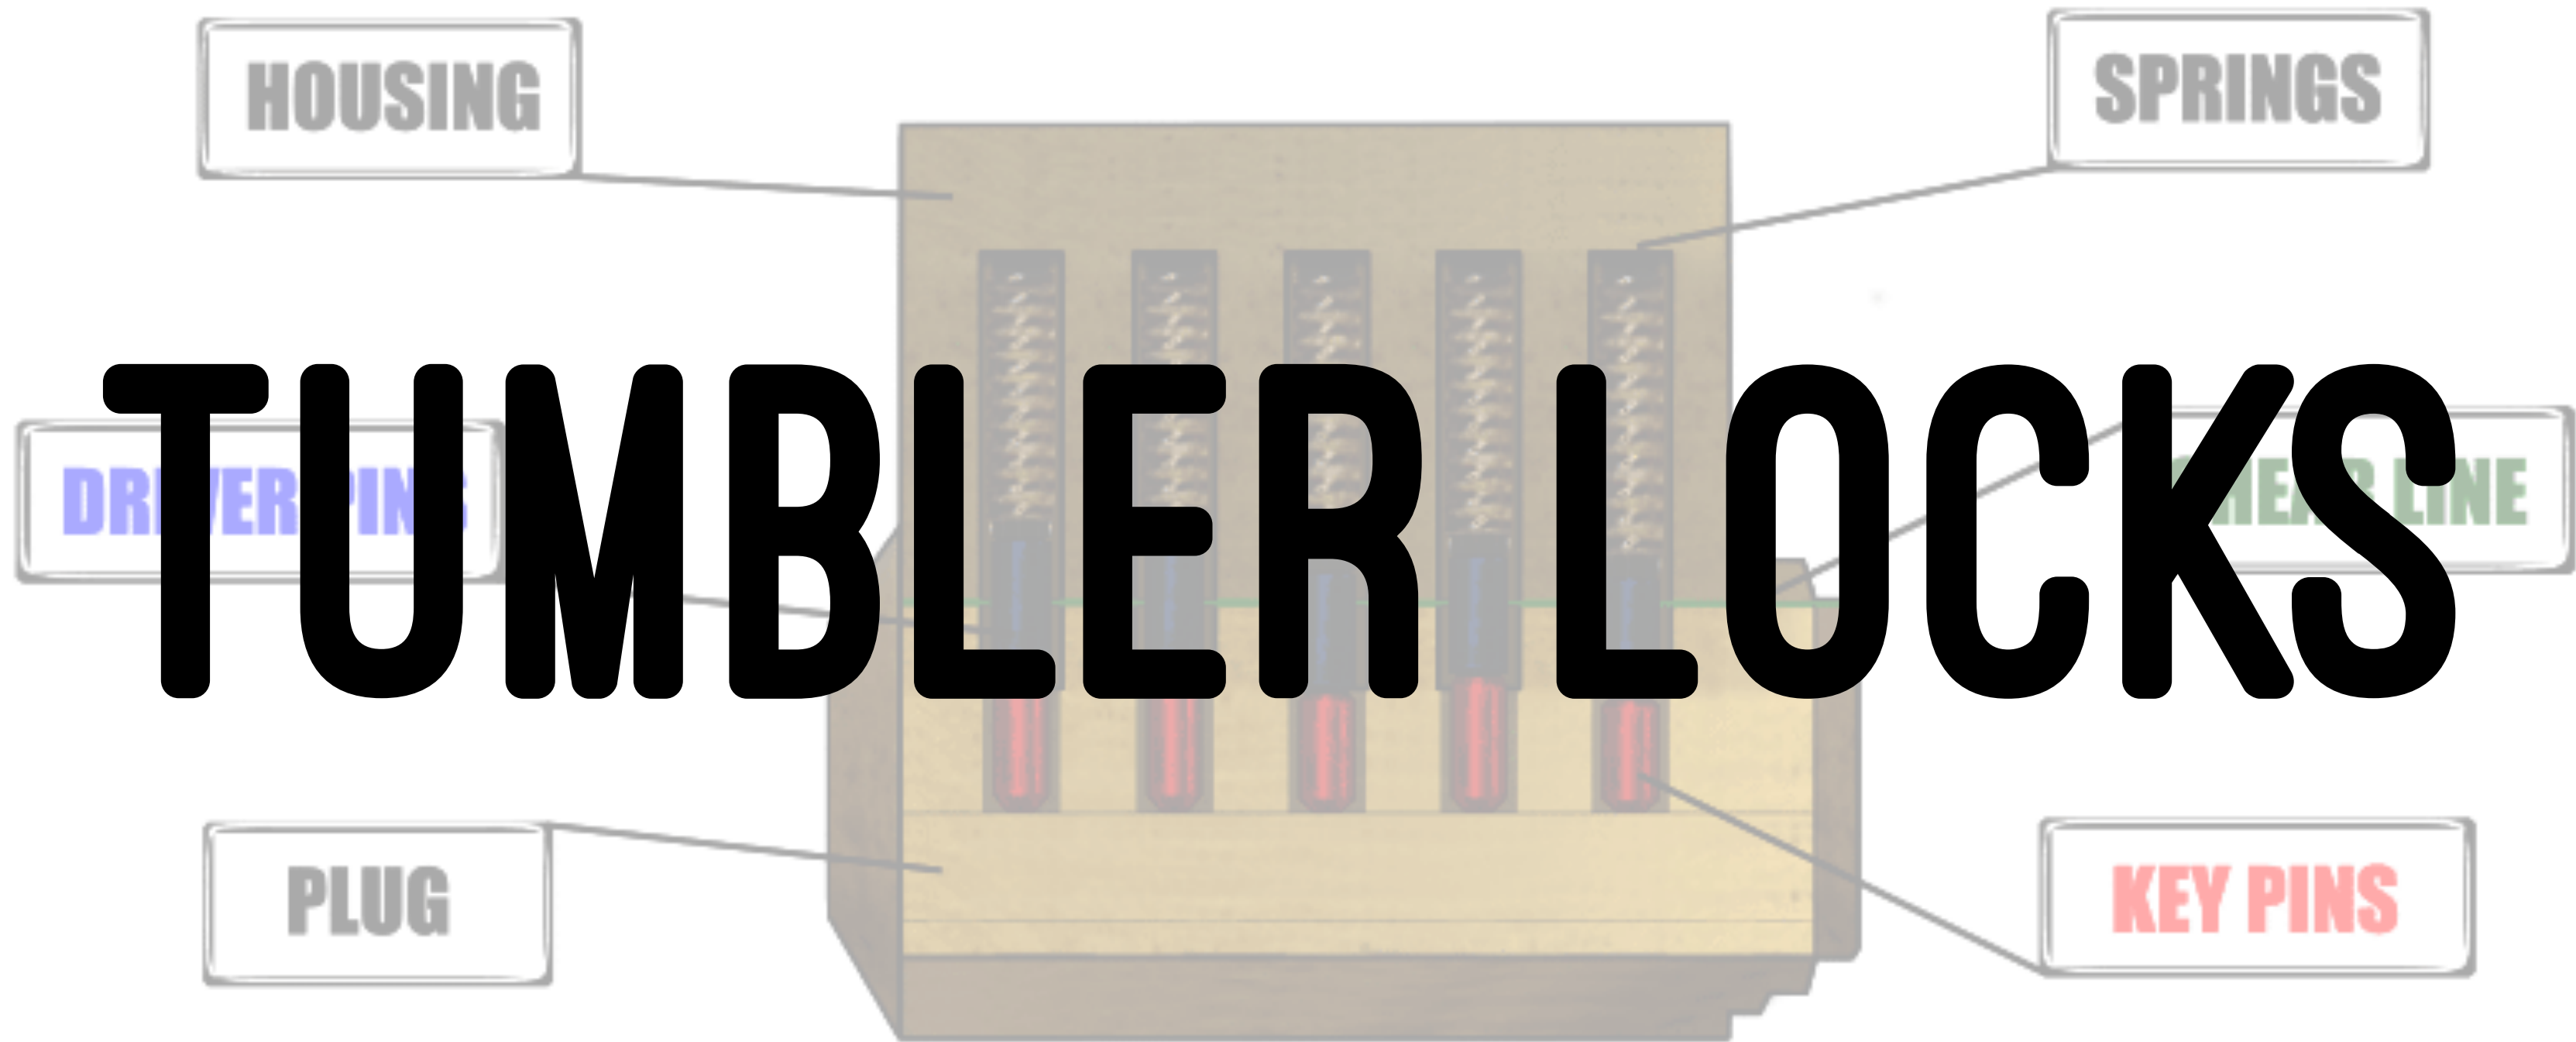

**SO HOW DOES IT  
WORK?**

# TUMBLER LOCKS

**HOUSING**

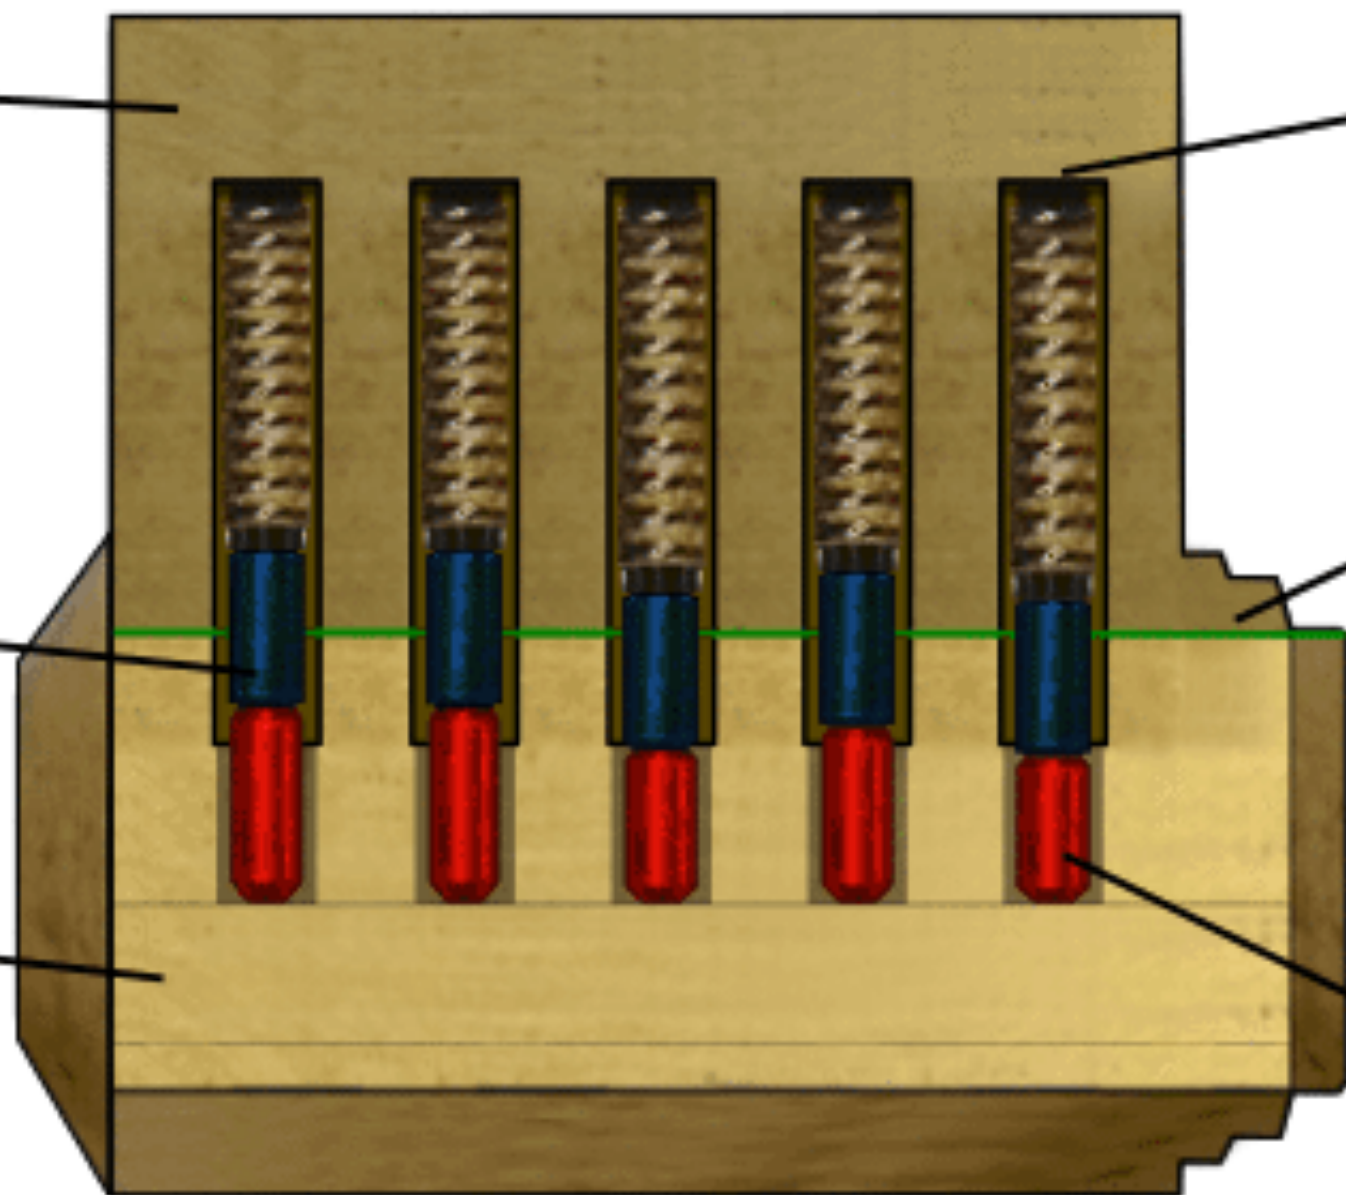

**SPRINGS**

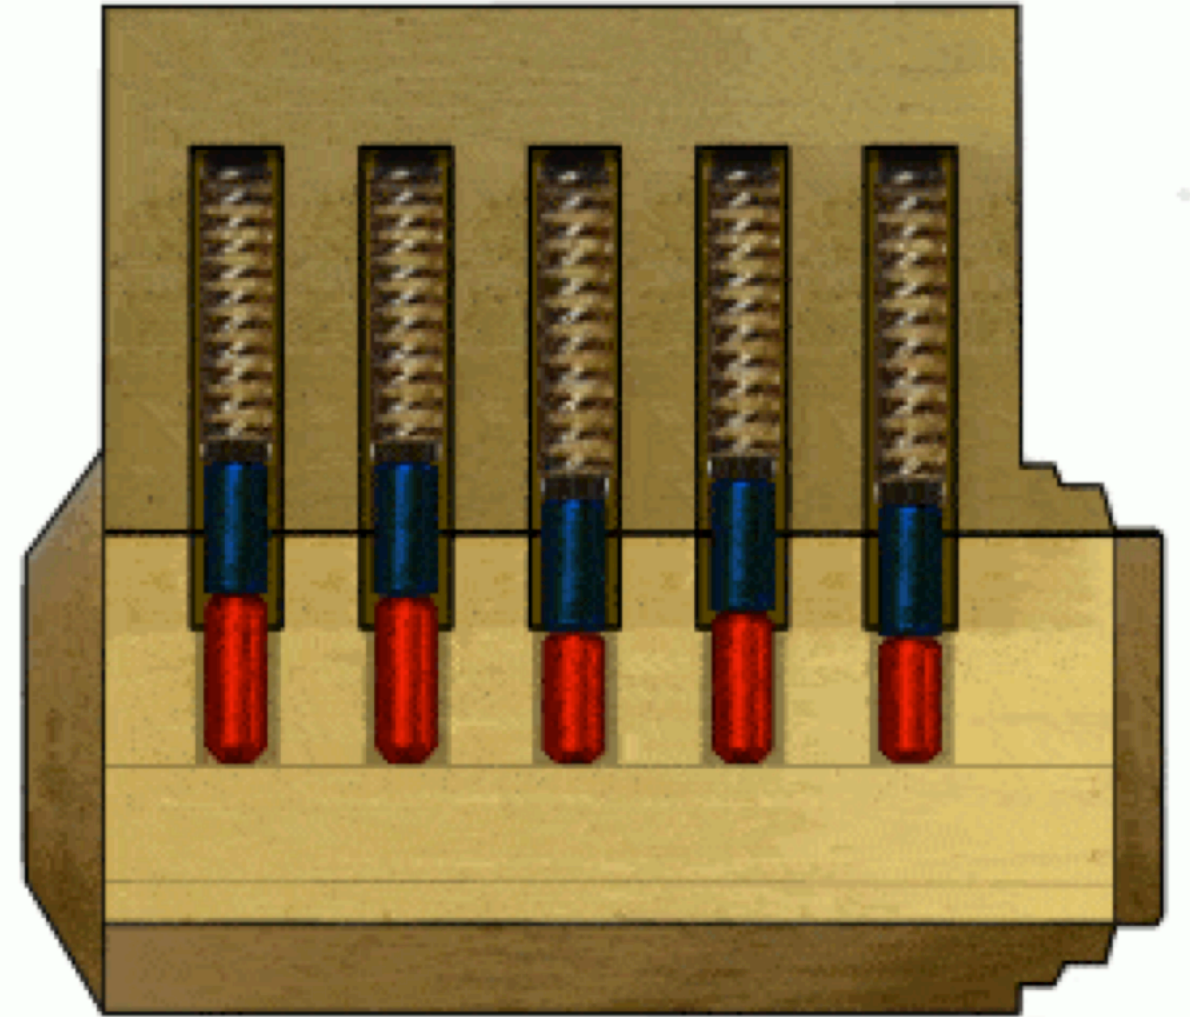

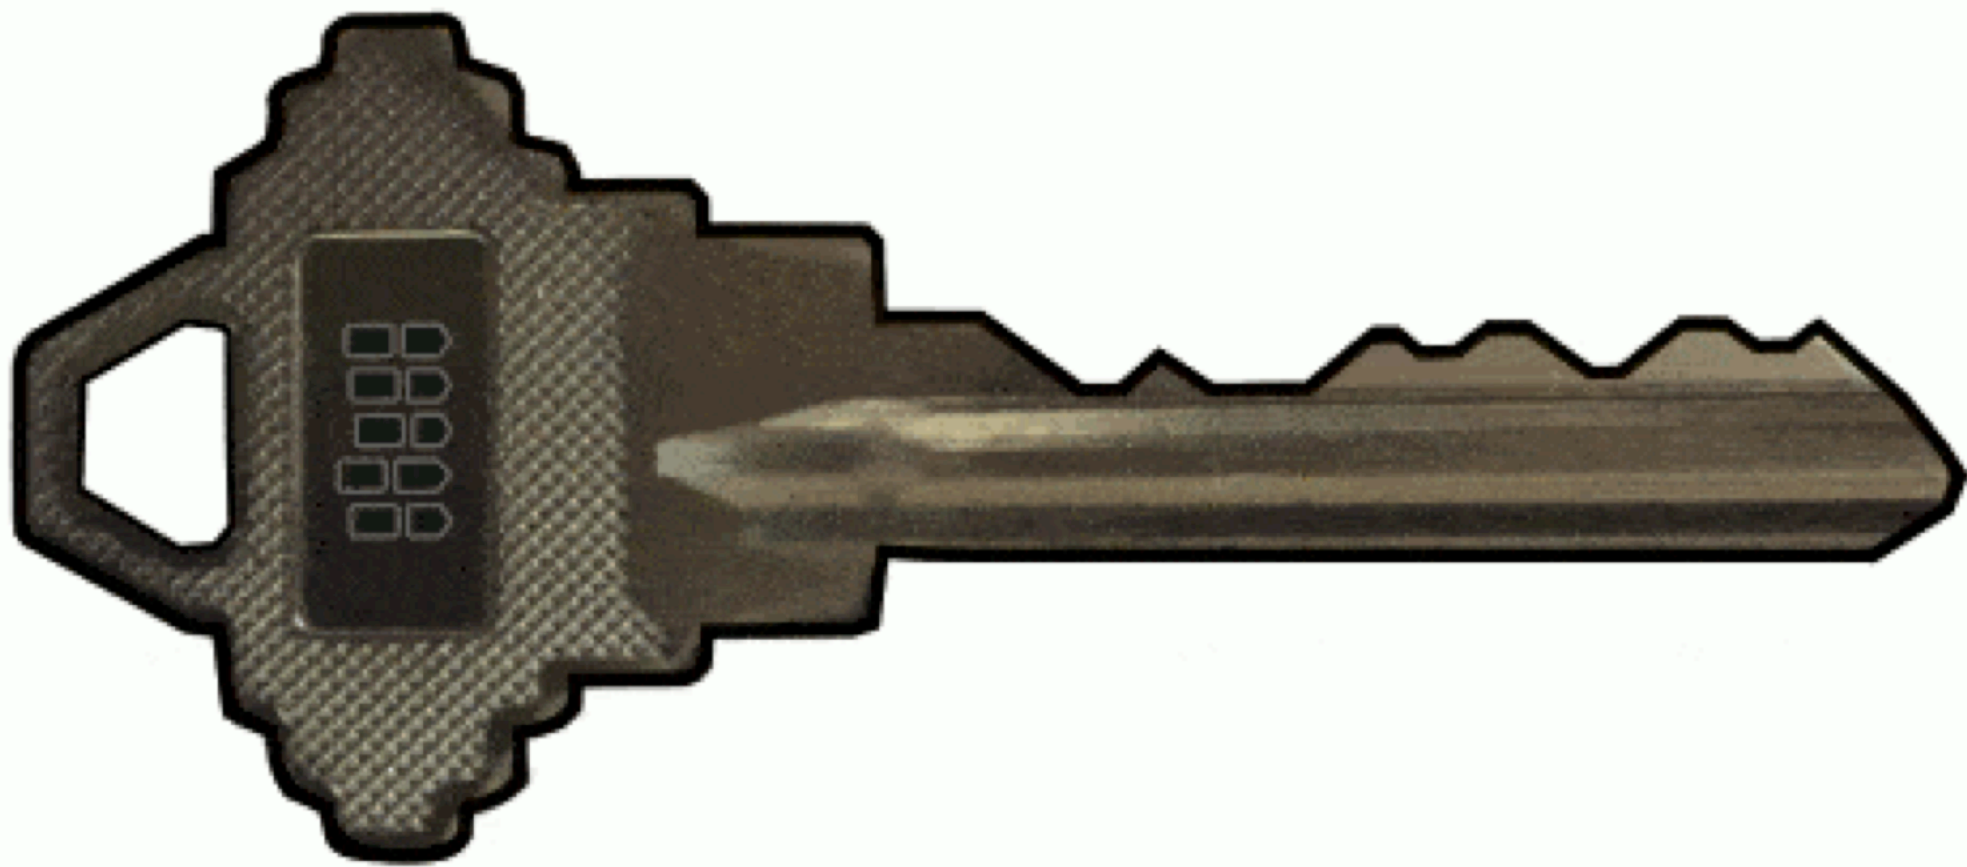

**DRIVER PINS**

**SHEAR LINE**

**PLUG**

**KEY PINS**

**WHAT IF I DON'T  
HAVE A KEY?**

**(TOOLS OF THE TRADE)**

**TENSION WRENCH**

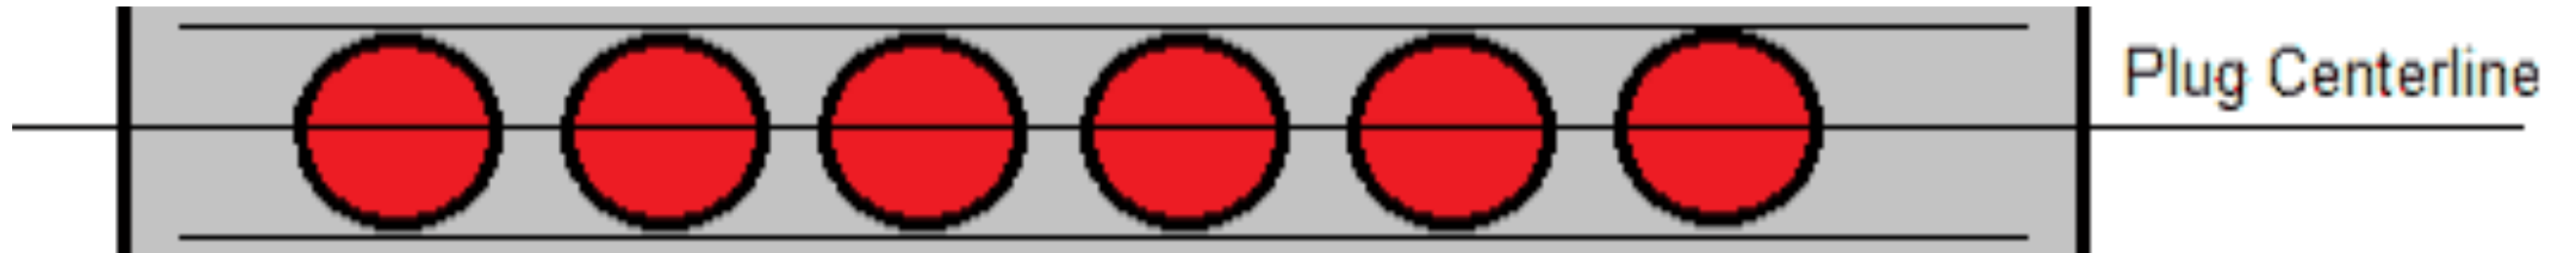

**HOOK**

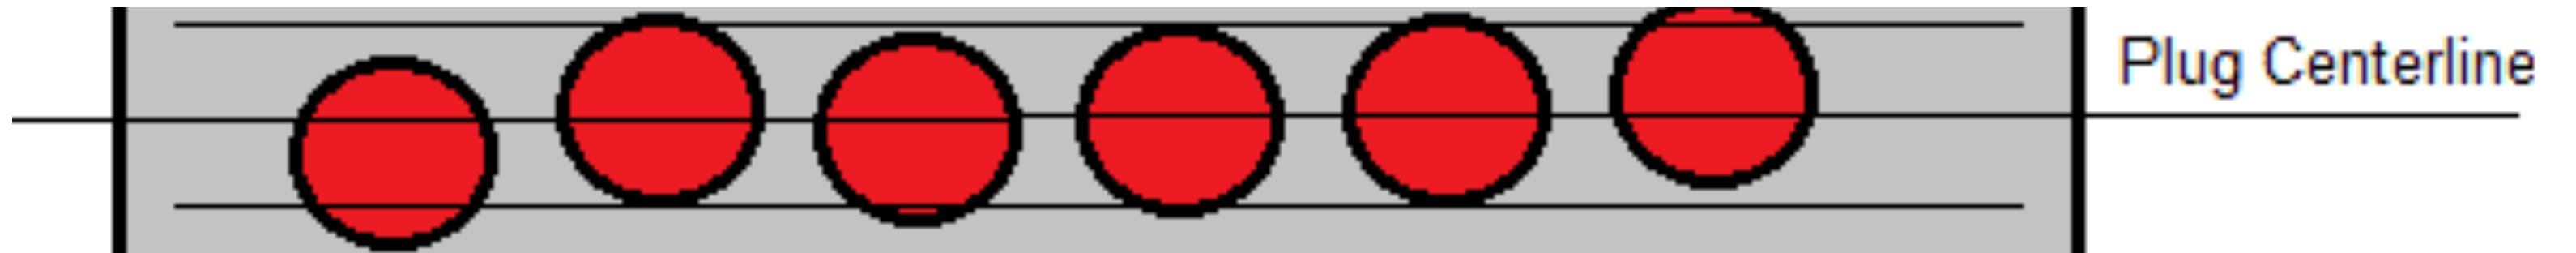

**WHAT IF I DON'T  
HAVE A KEY?**

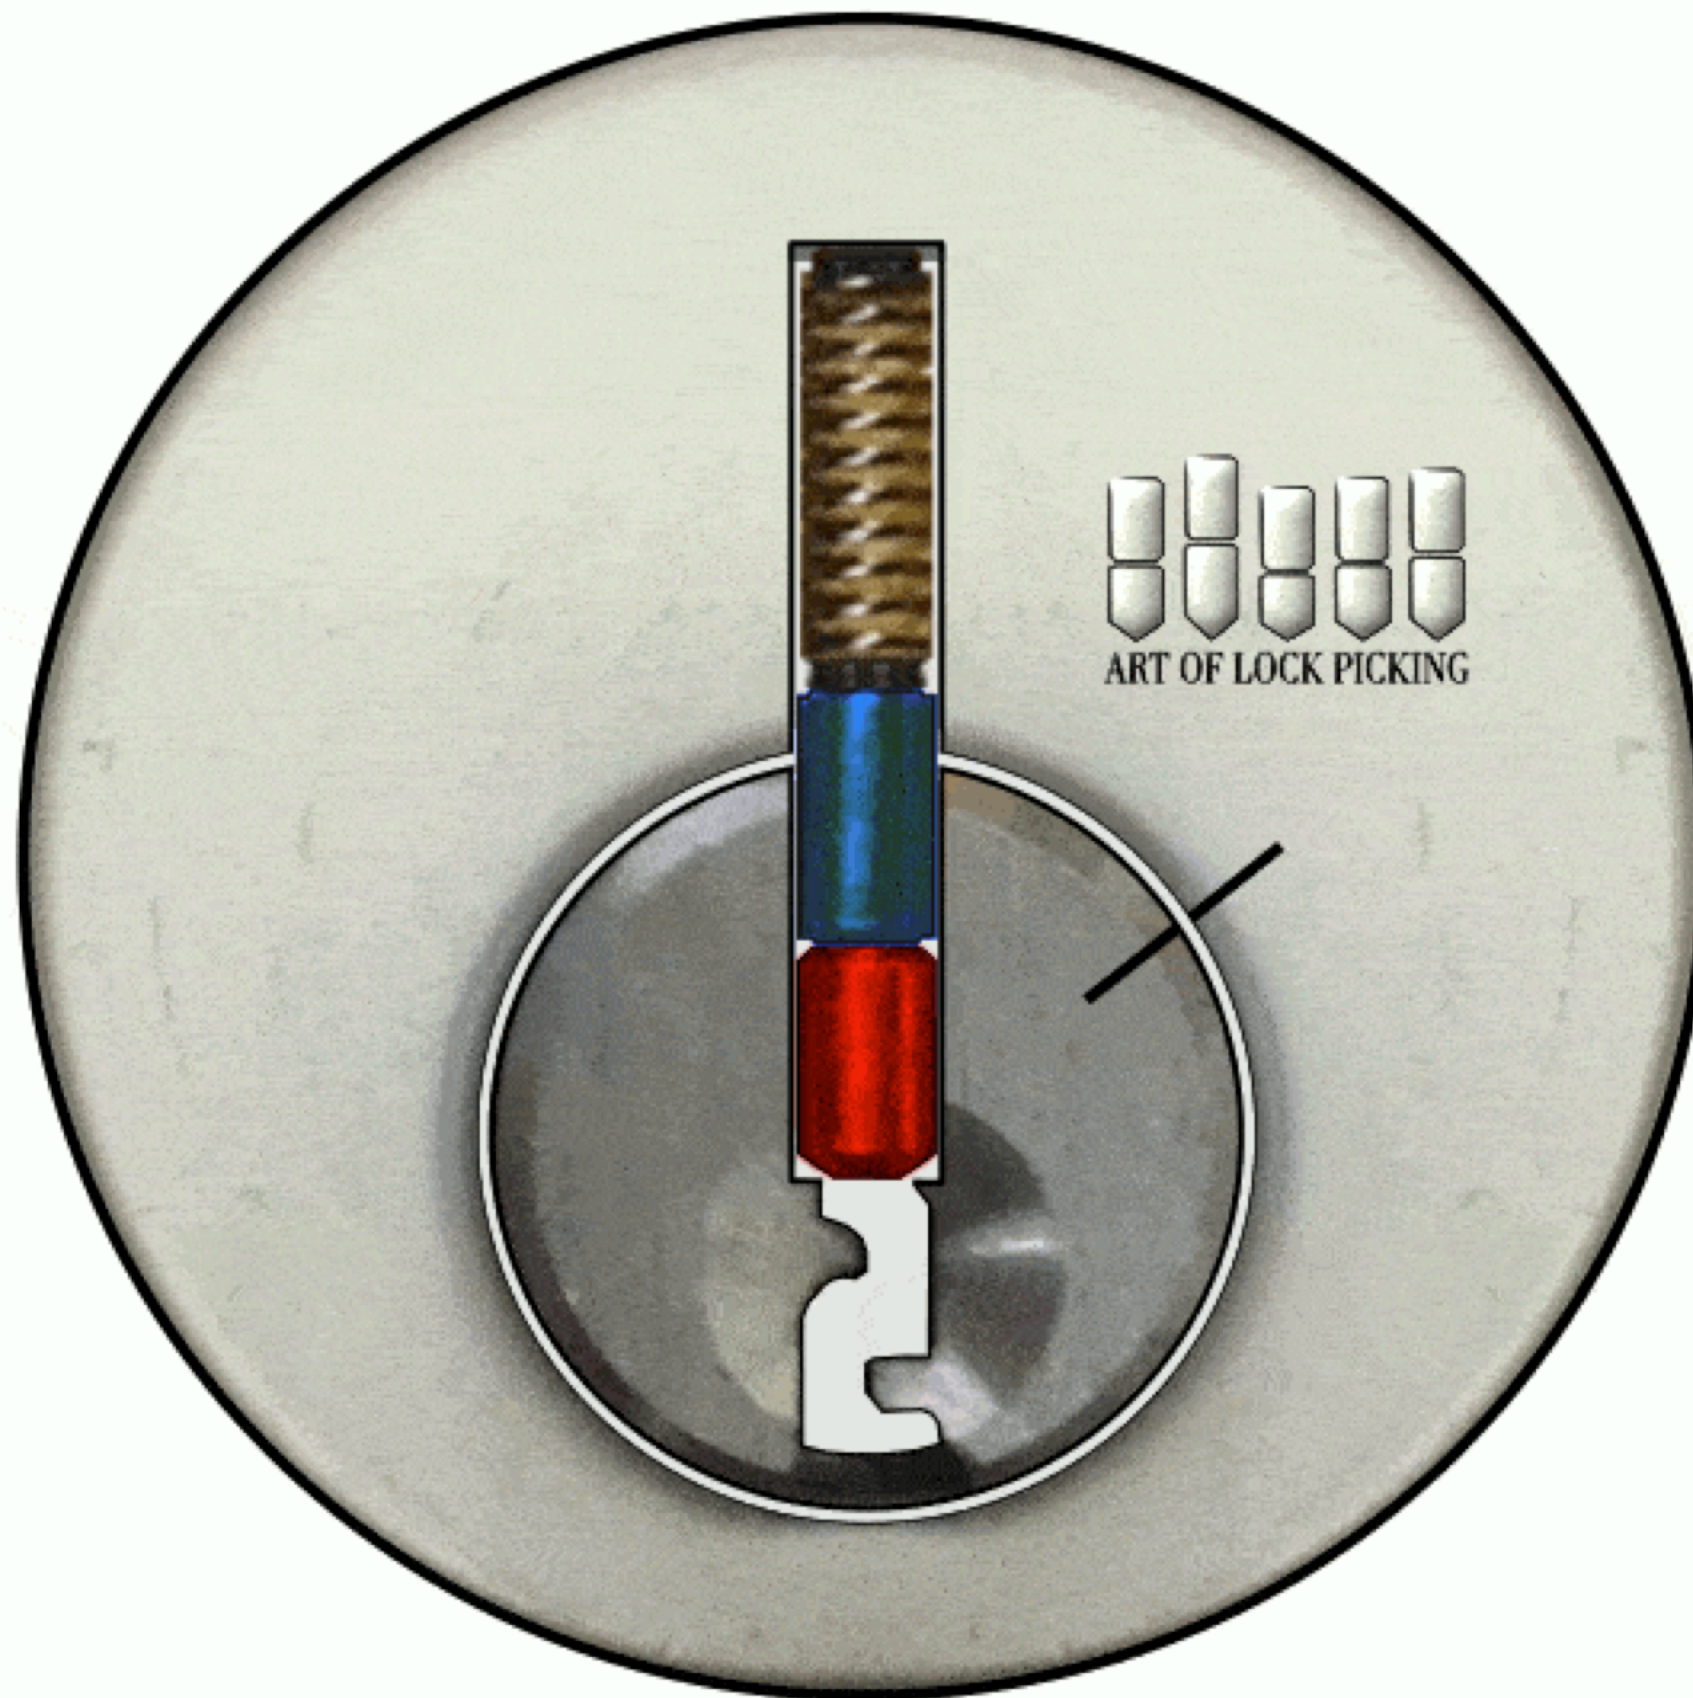

**(NO LOCK IS PERFECT)**

# PERFECT PLUG

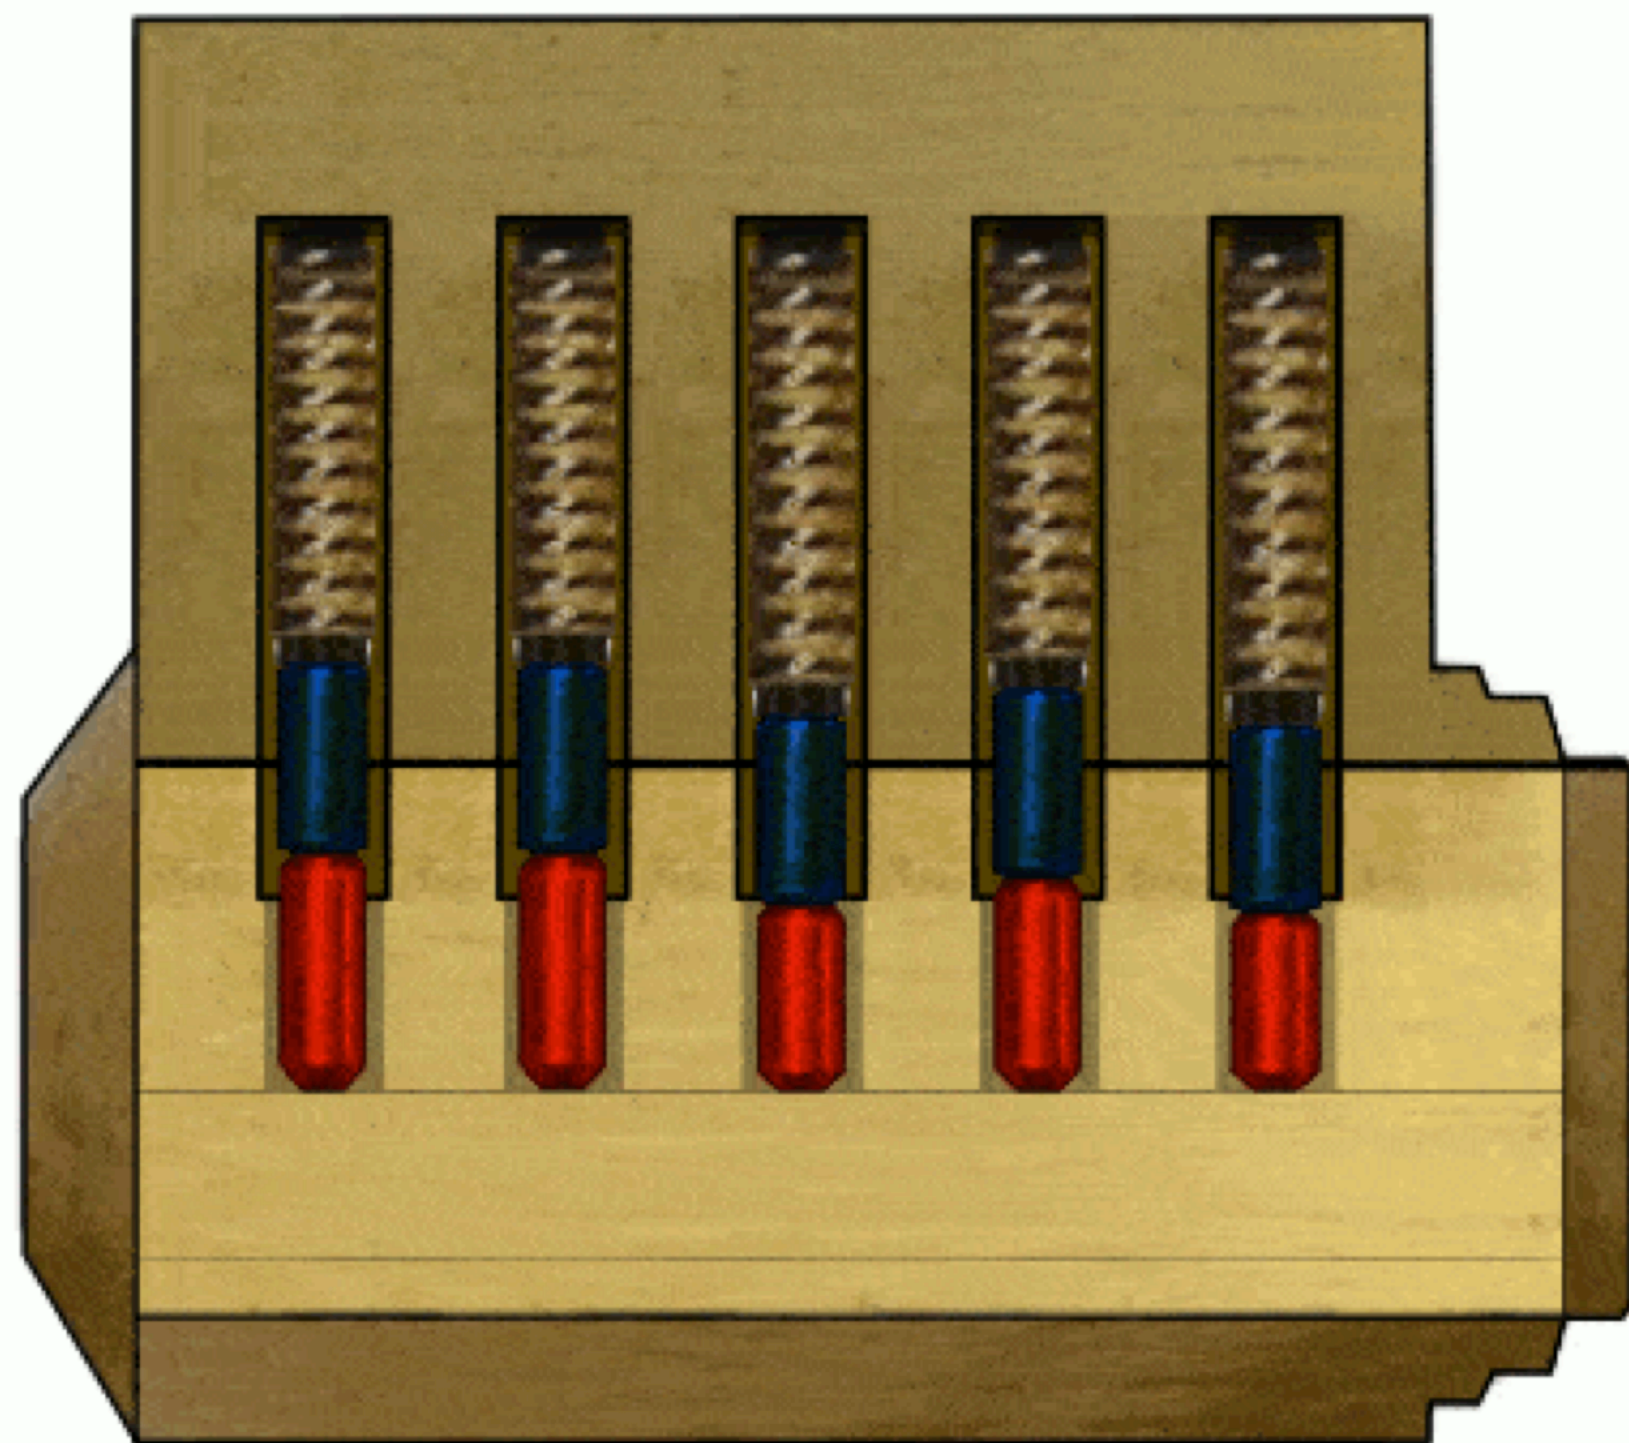

# REAL PLUG

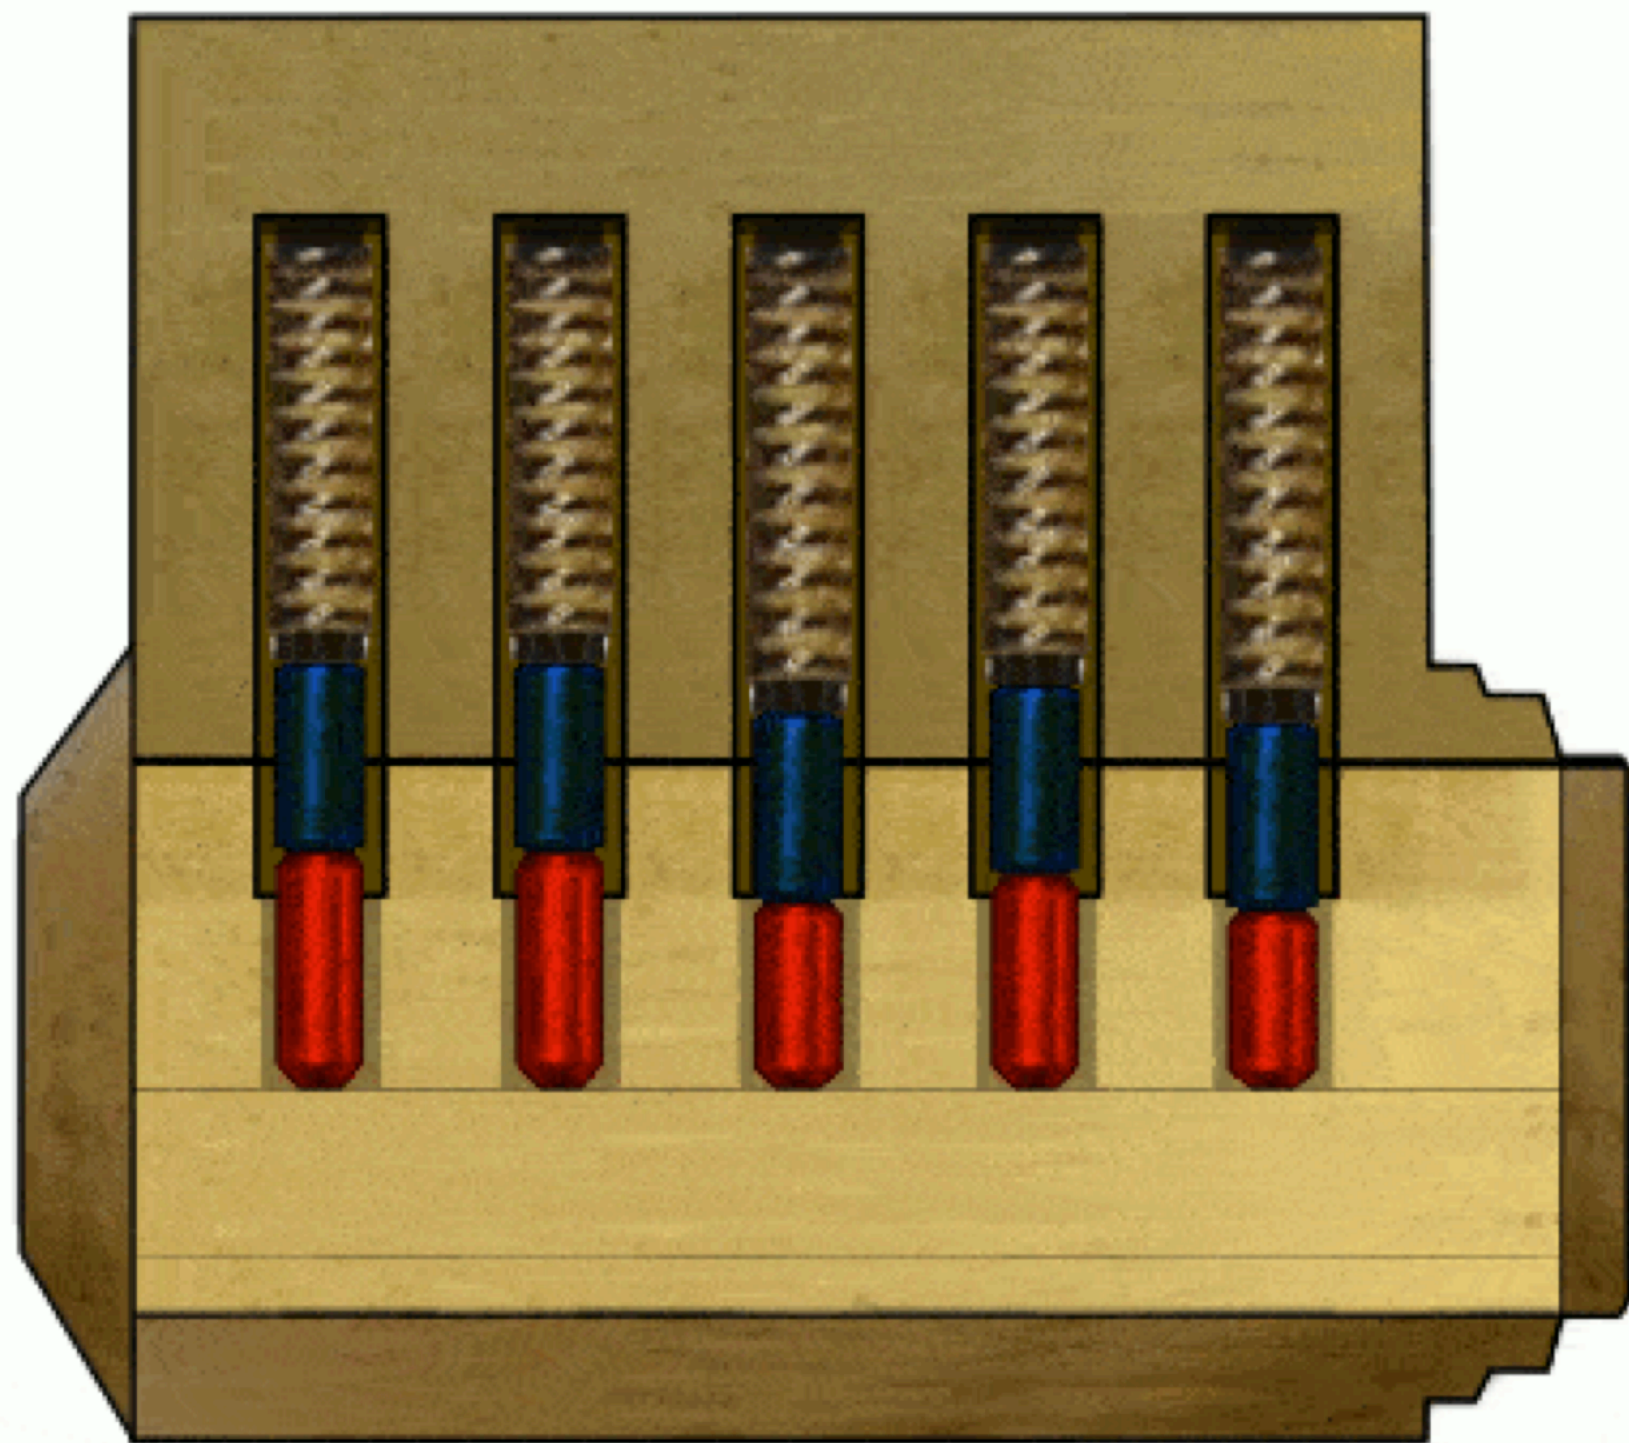

**DEMO?**

**WHAT IF I DON'T  
HAVE A KEY?  
(BUT I'M LAAAZYYY!)**

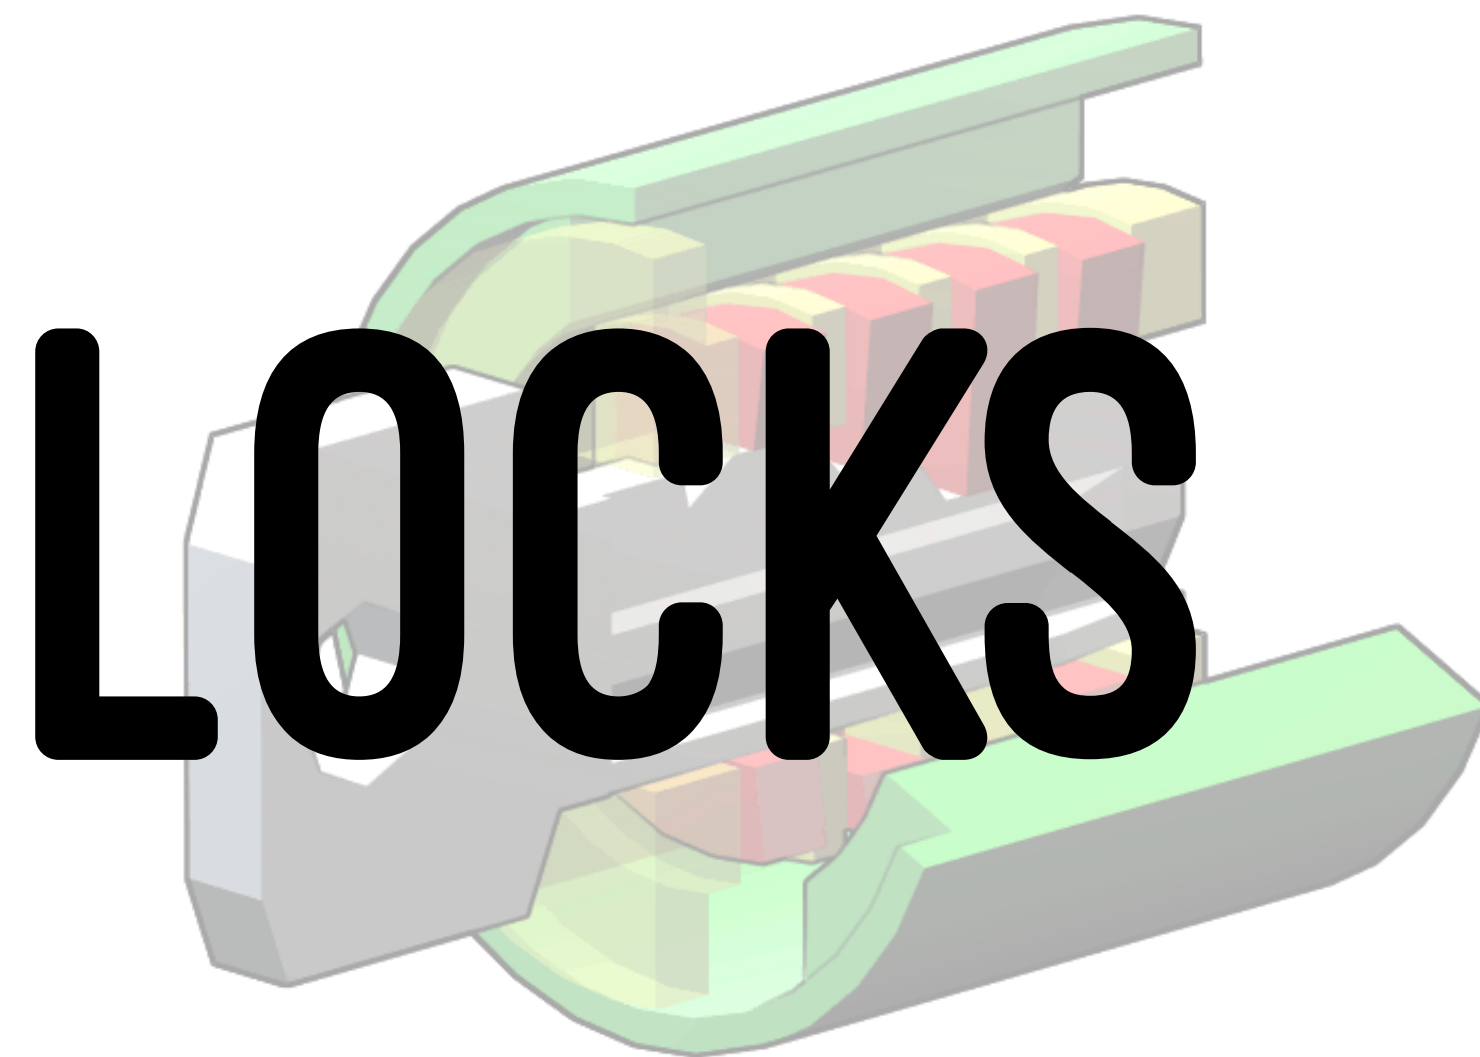

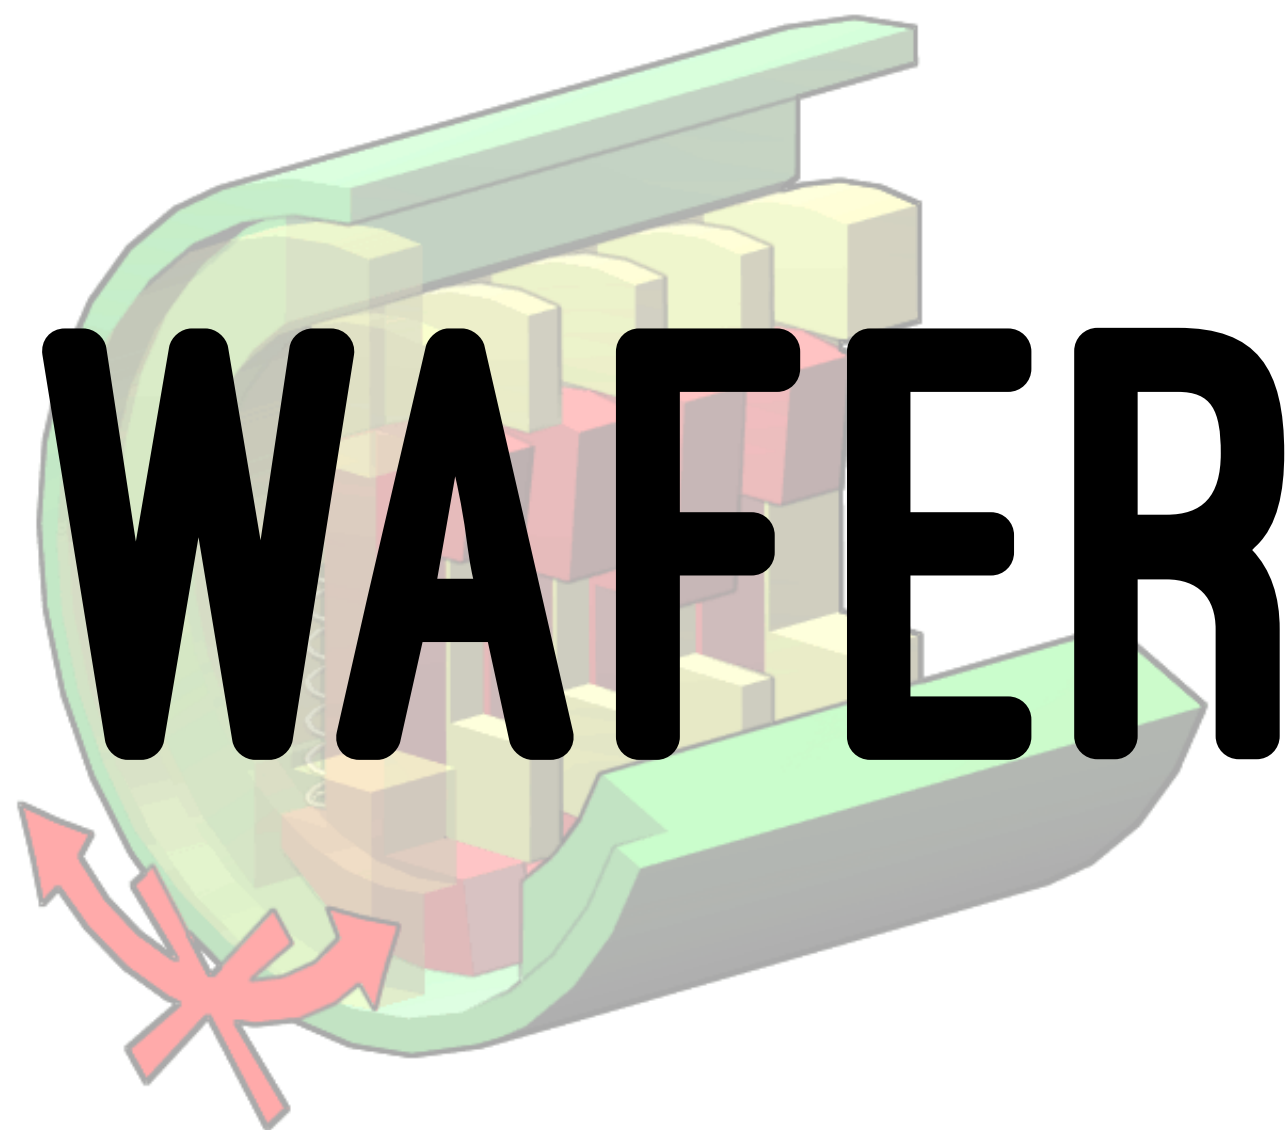

**DEMO?**

**REMINDER: HAVING  
SECURE LOCKS IS REALLY  
KINDA NICE ACTUALLY**

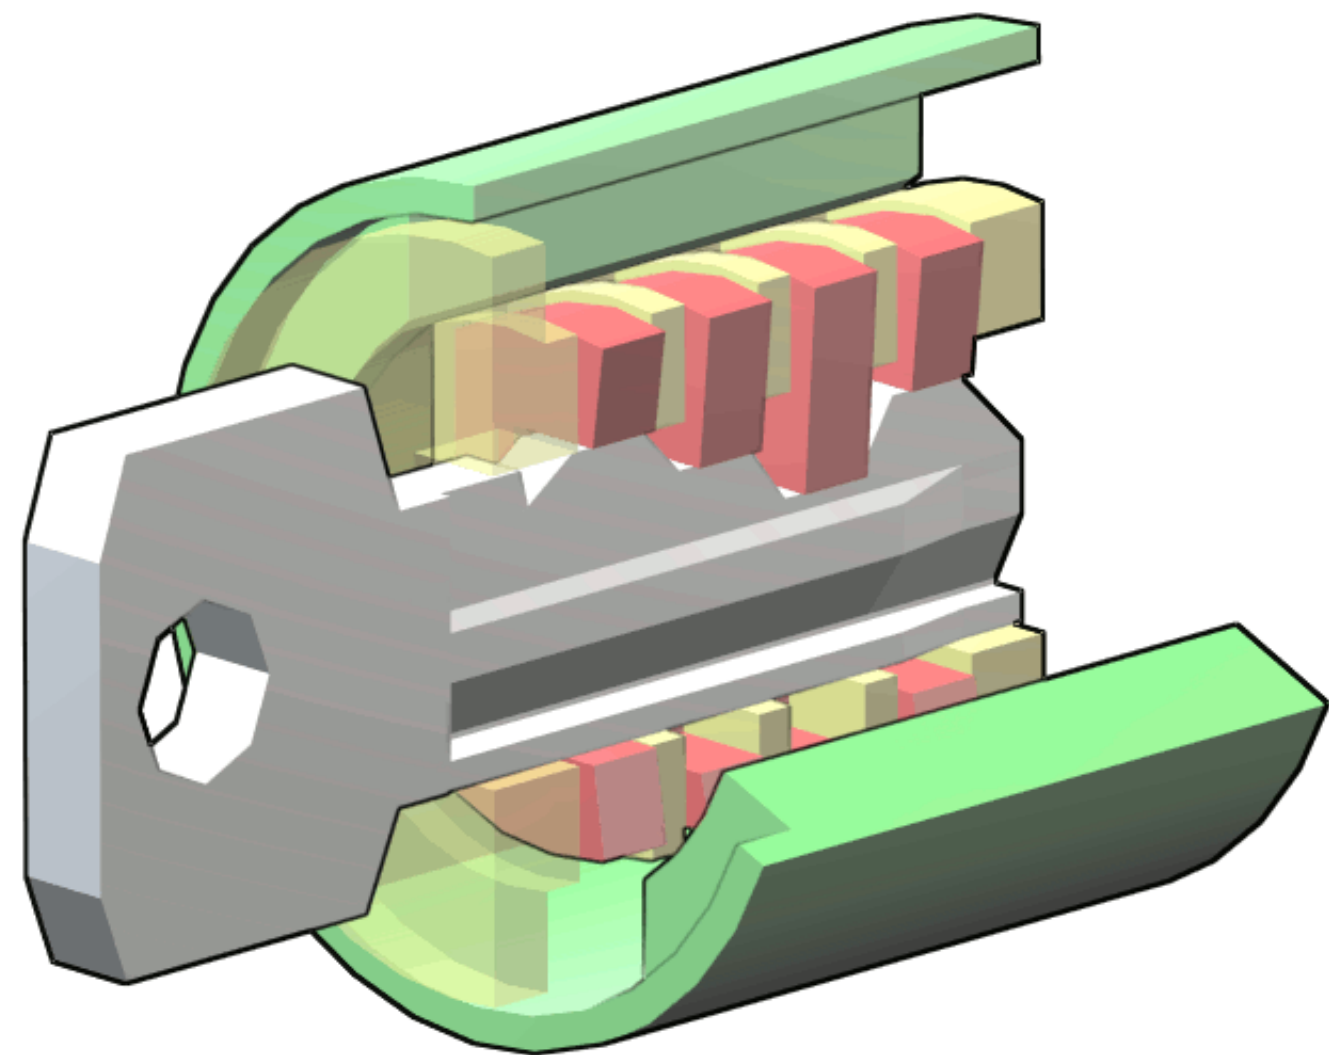

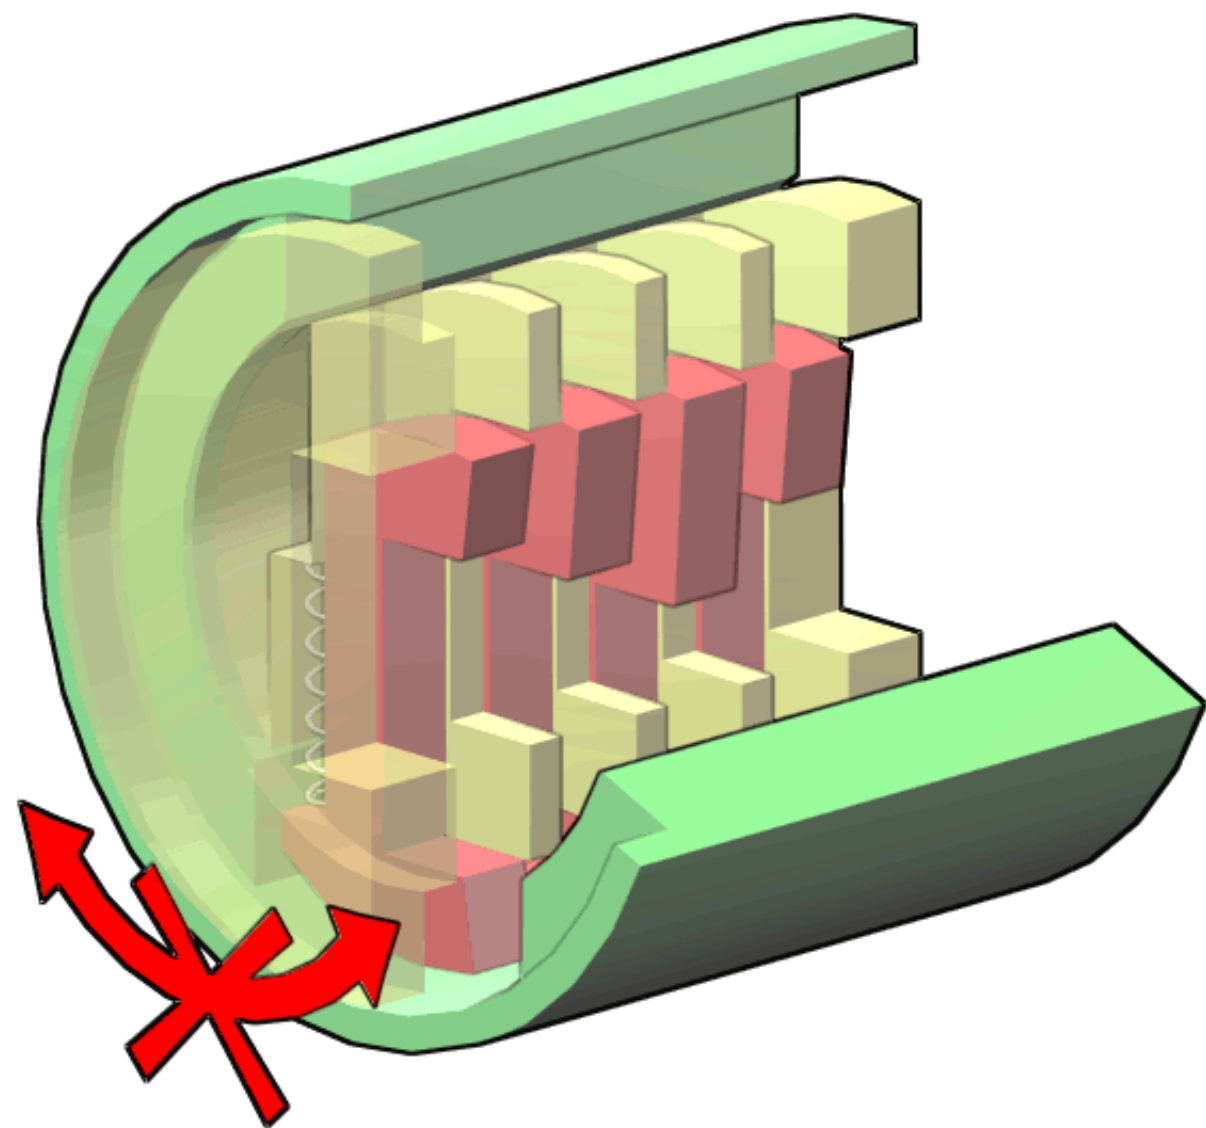

# SECURITY PINS

**ANY OTHER  
KINDS OF  
LOCKS?**

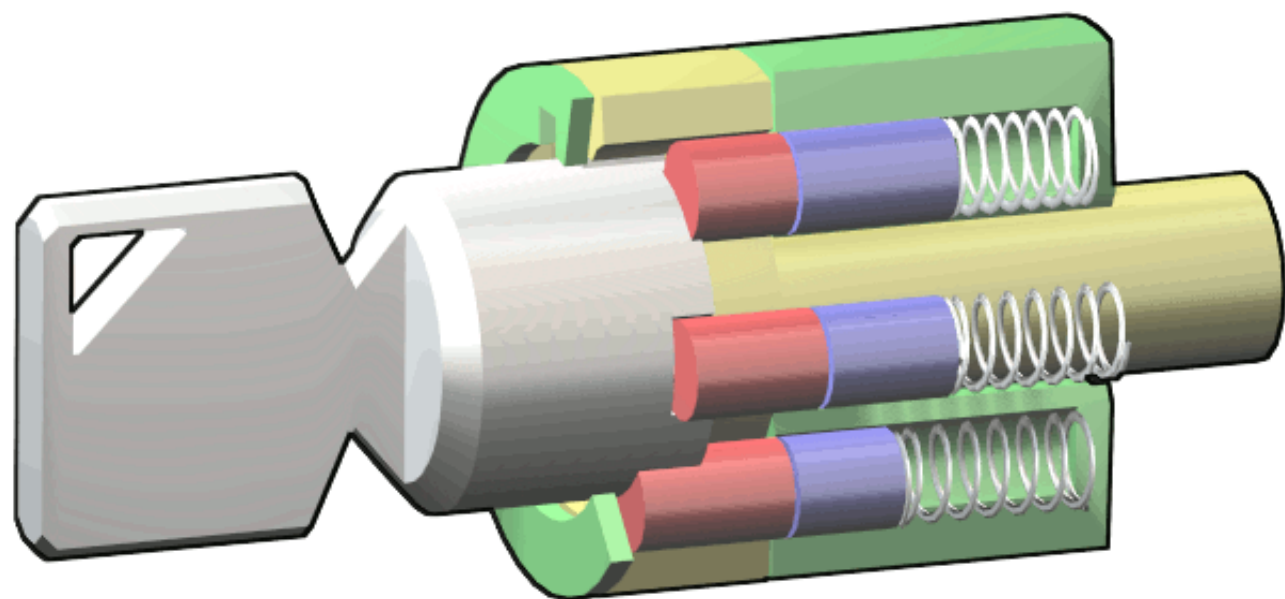

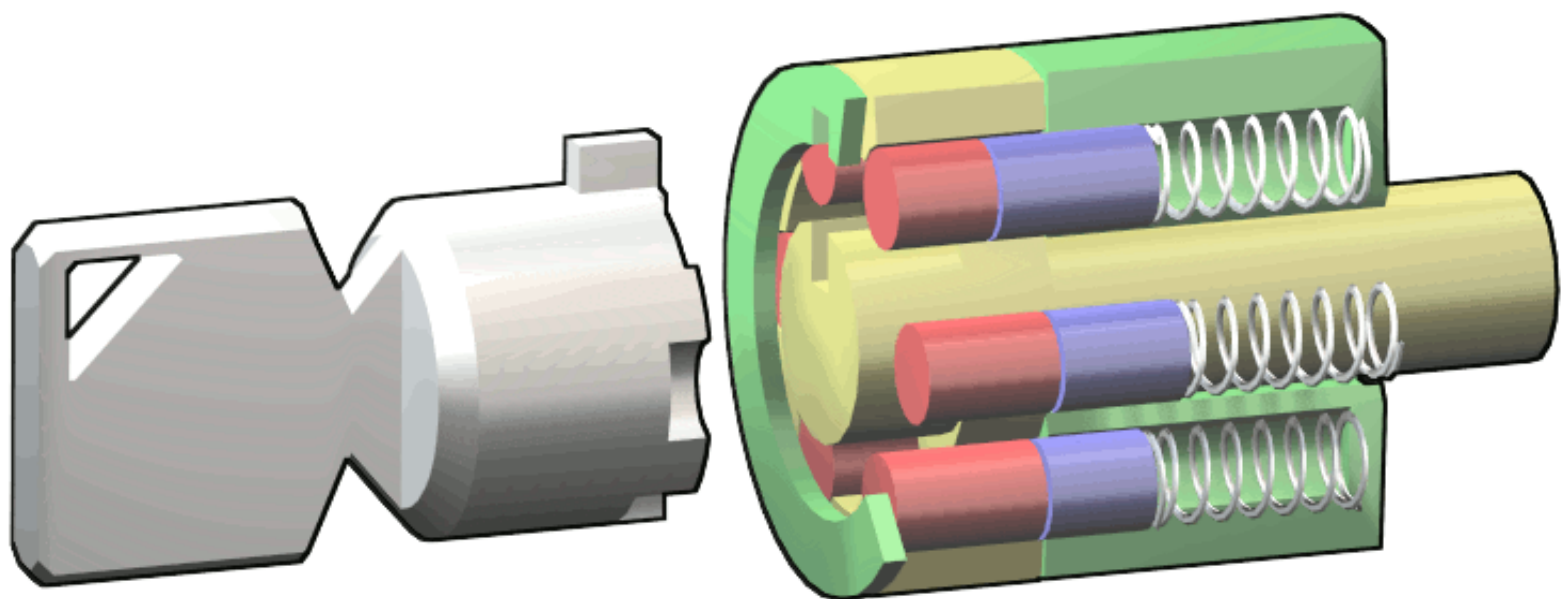

# TRY-OUT KEYS

# TUBULAR LOCKS

The background of the image shows a close-up of a metal tubular lock. A keyhole is visible at the top, and a key is partially inserted into the lock cylinder at the bottom. The metal has a brushed or polished finish, and the lighting creates highlights and shadows that emphasize the mechanical details.

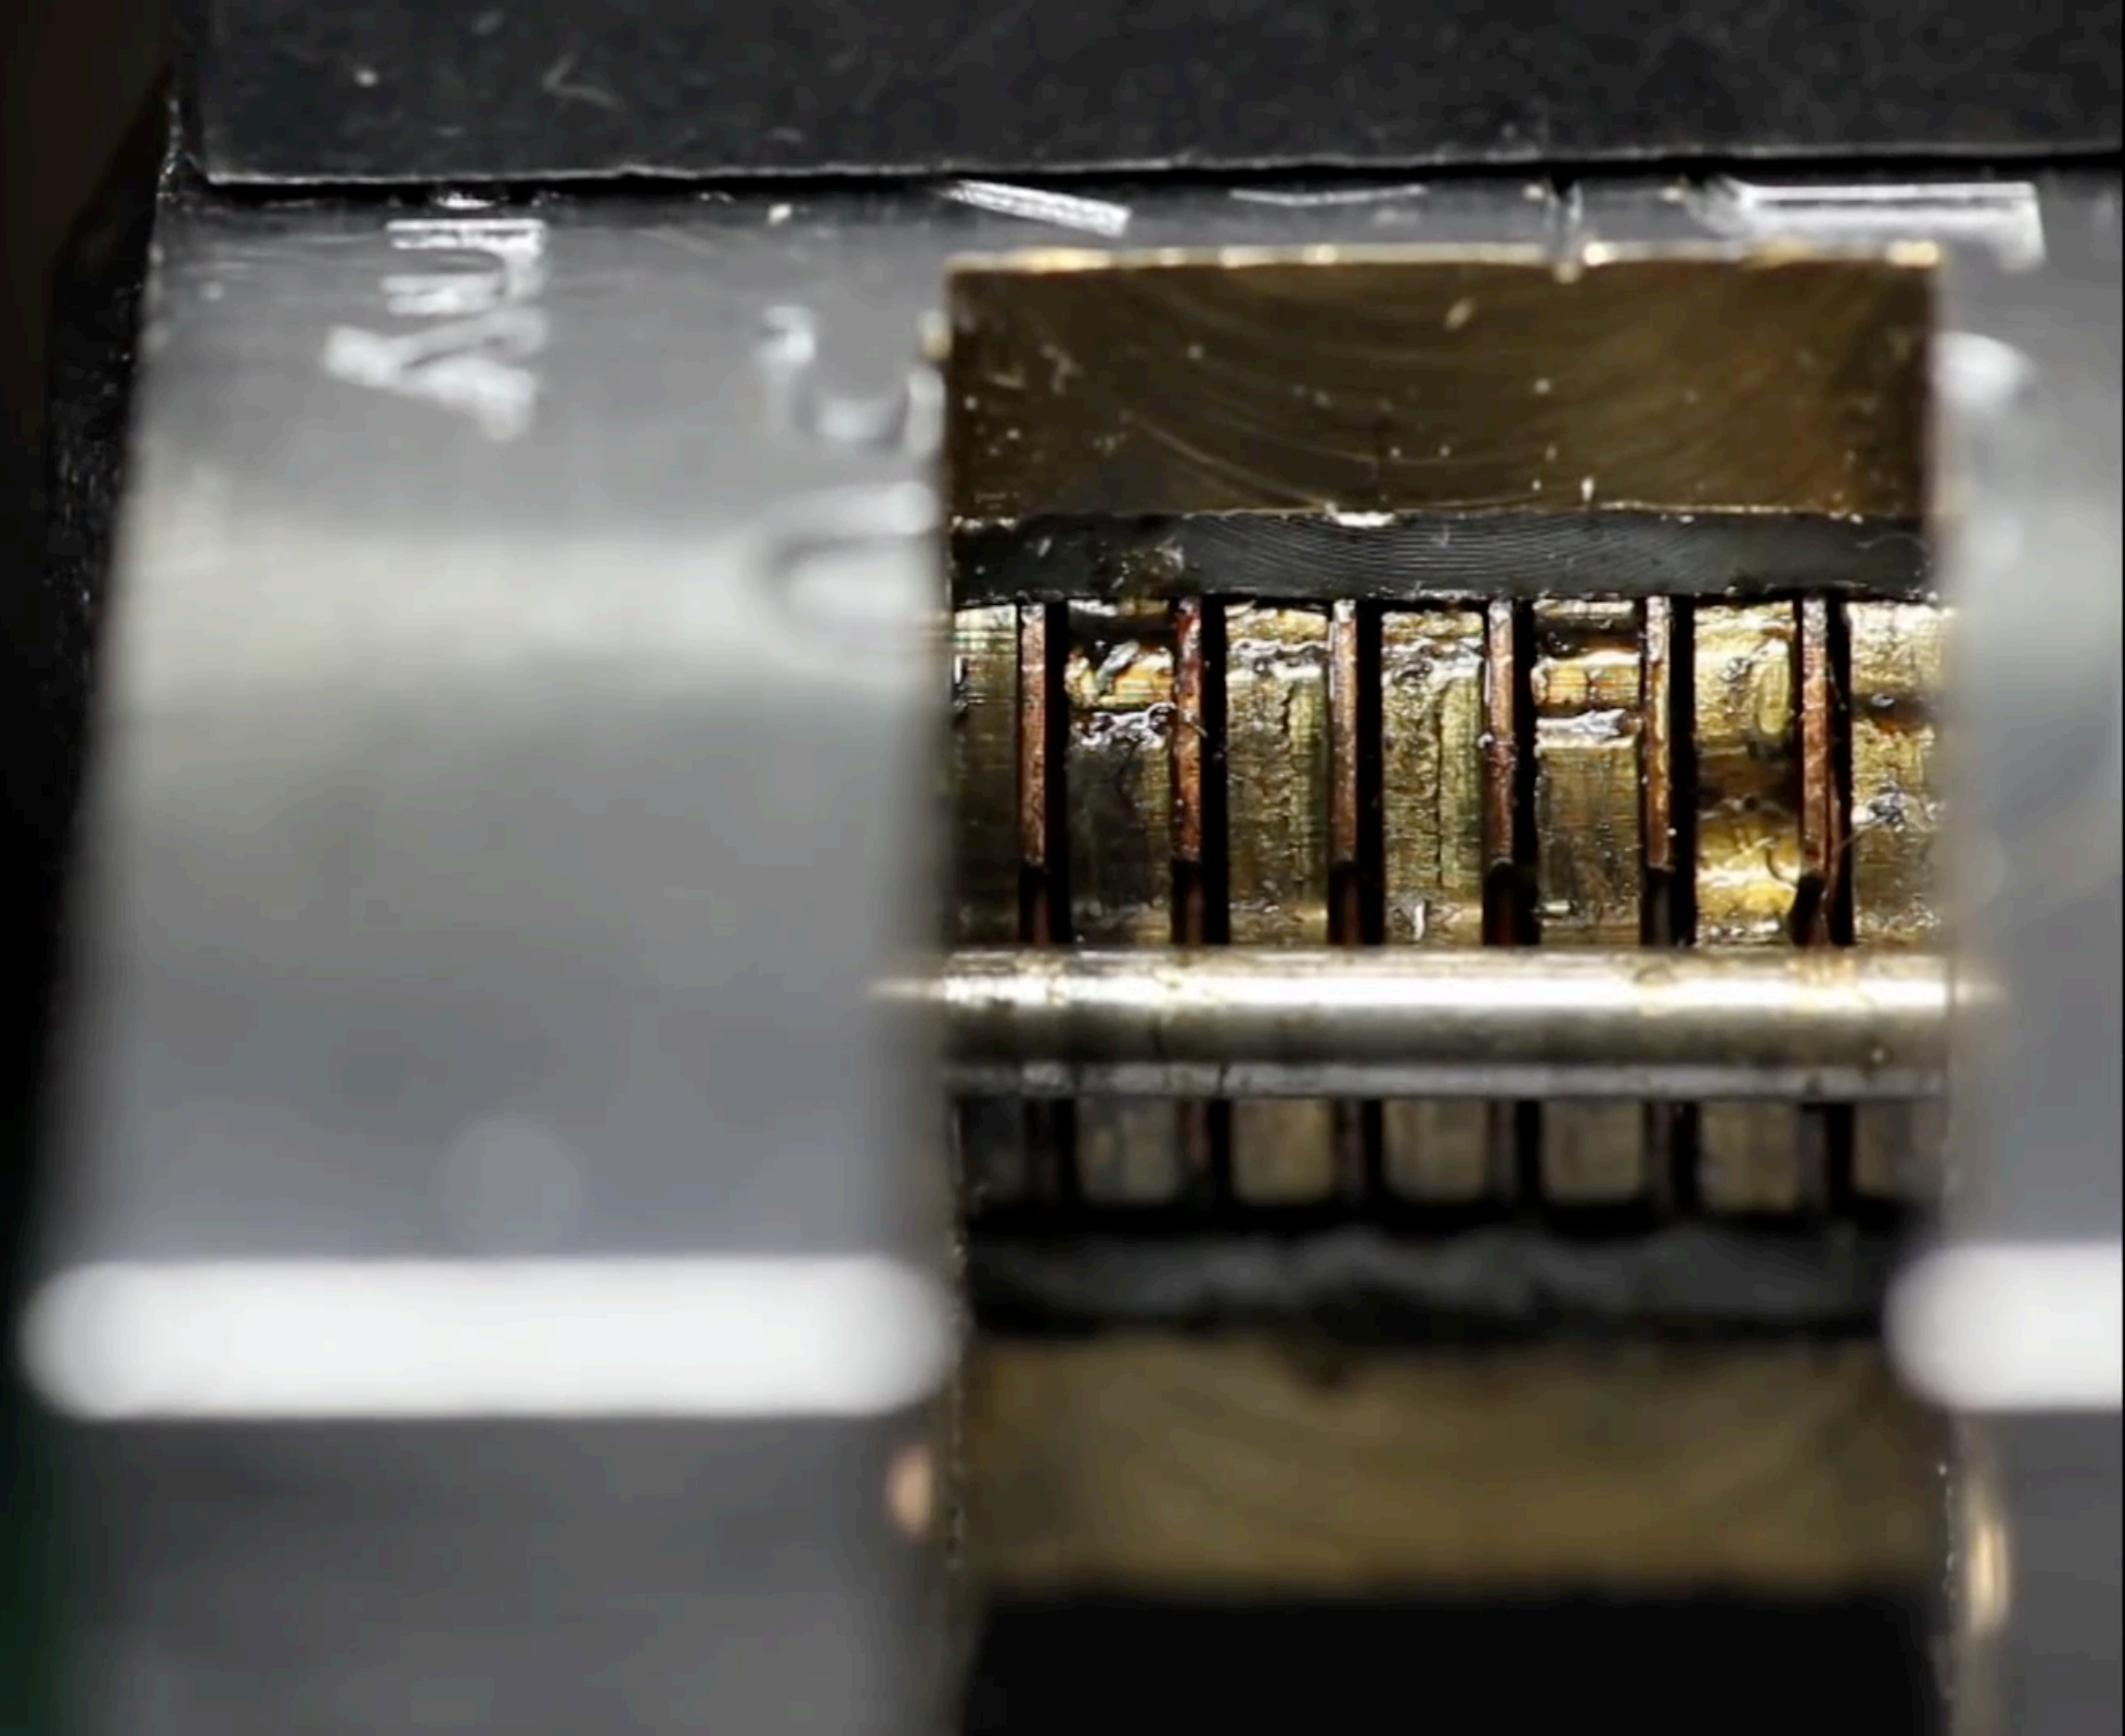

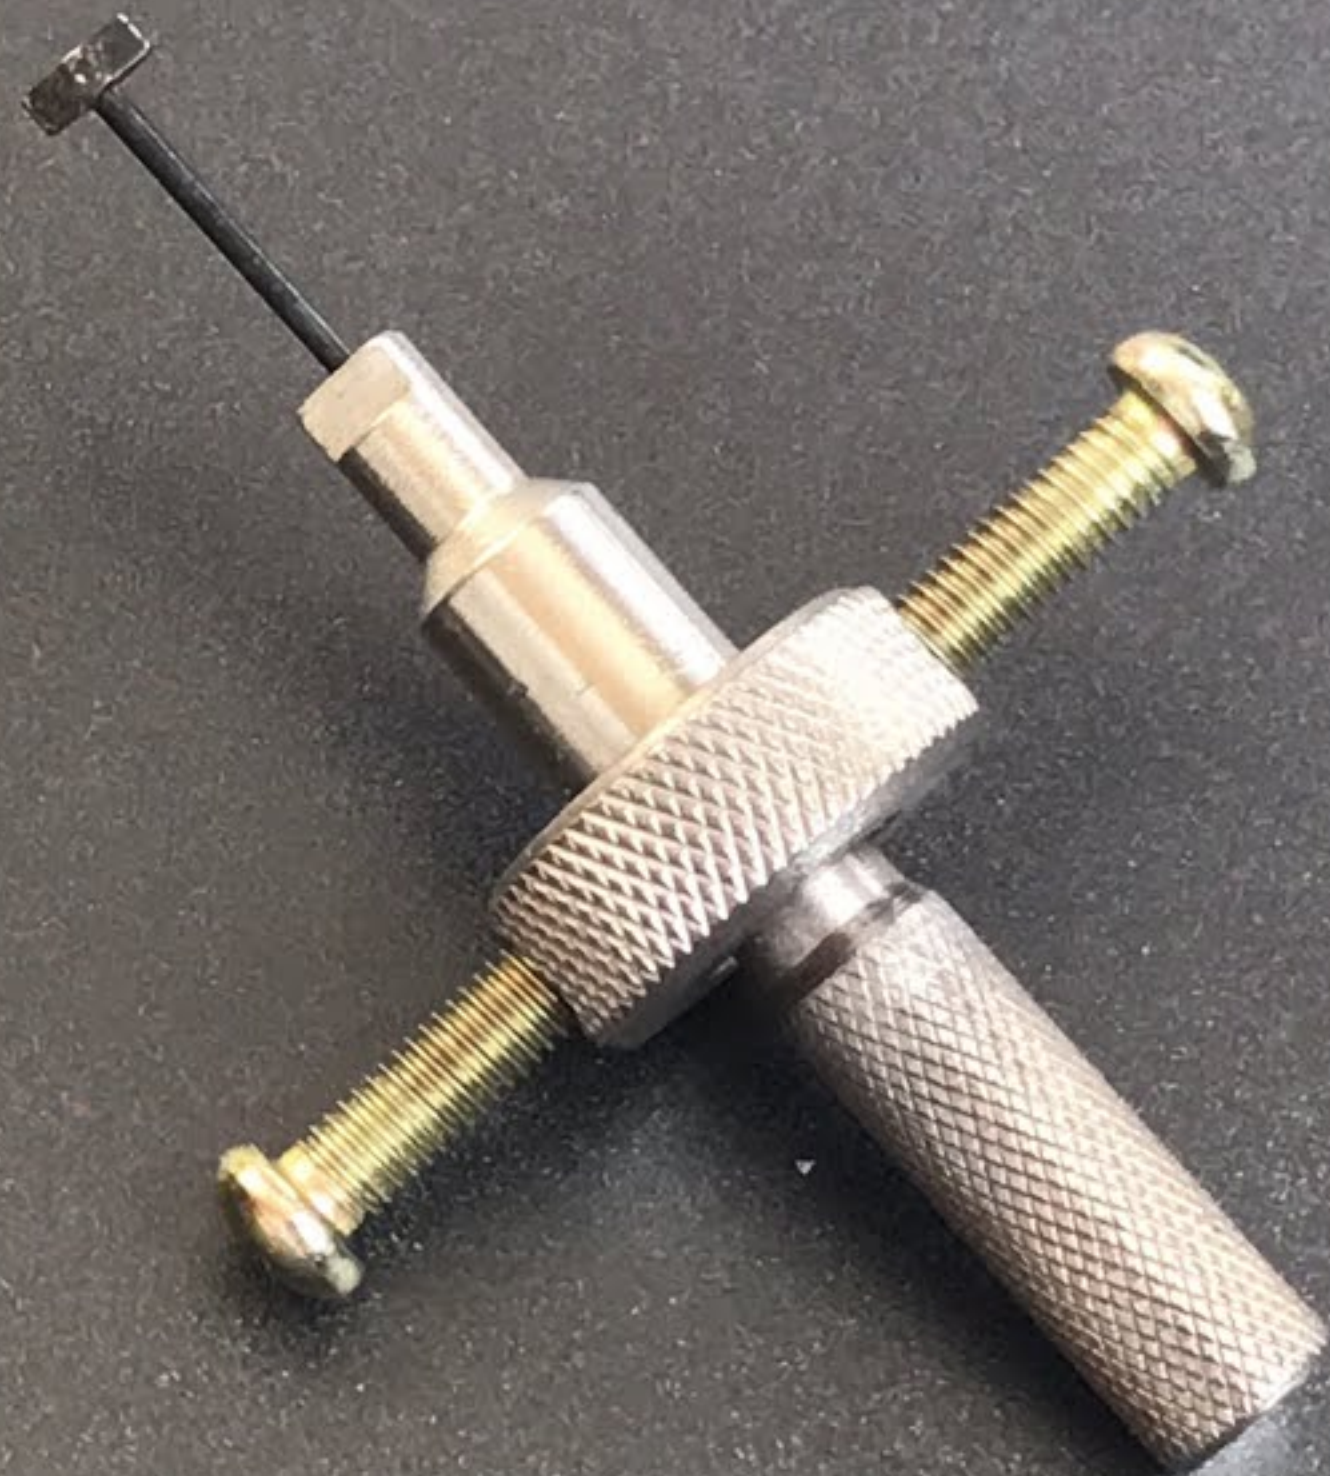

# **DISC TUMBLER LOCKS**

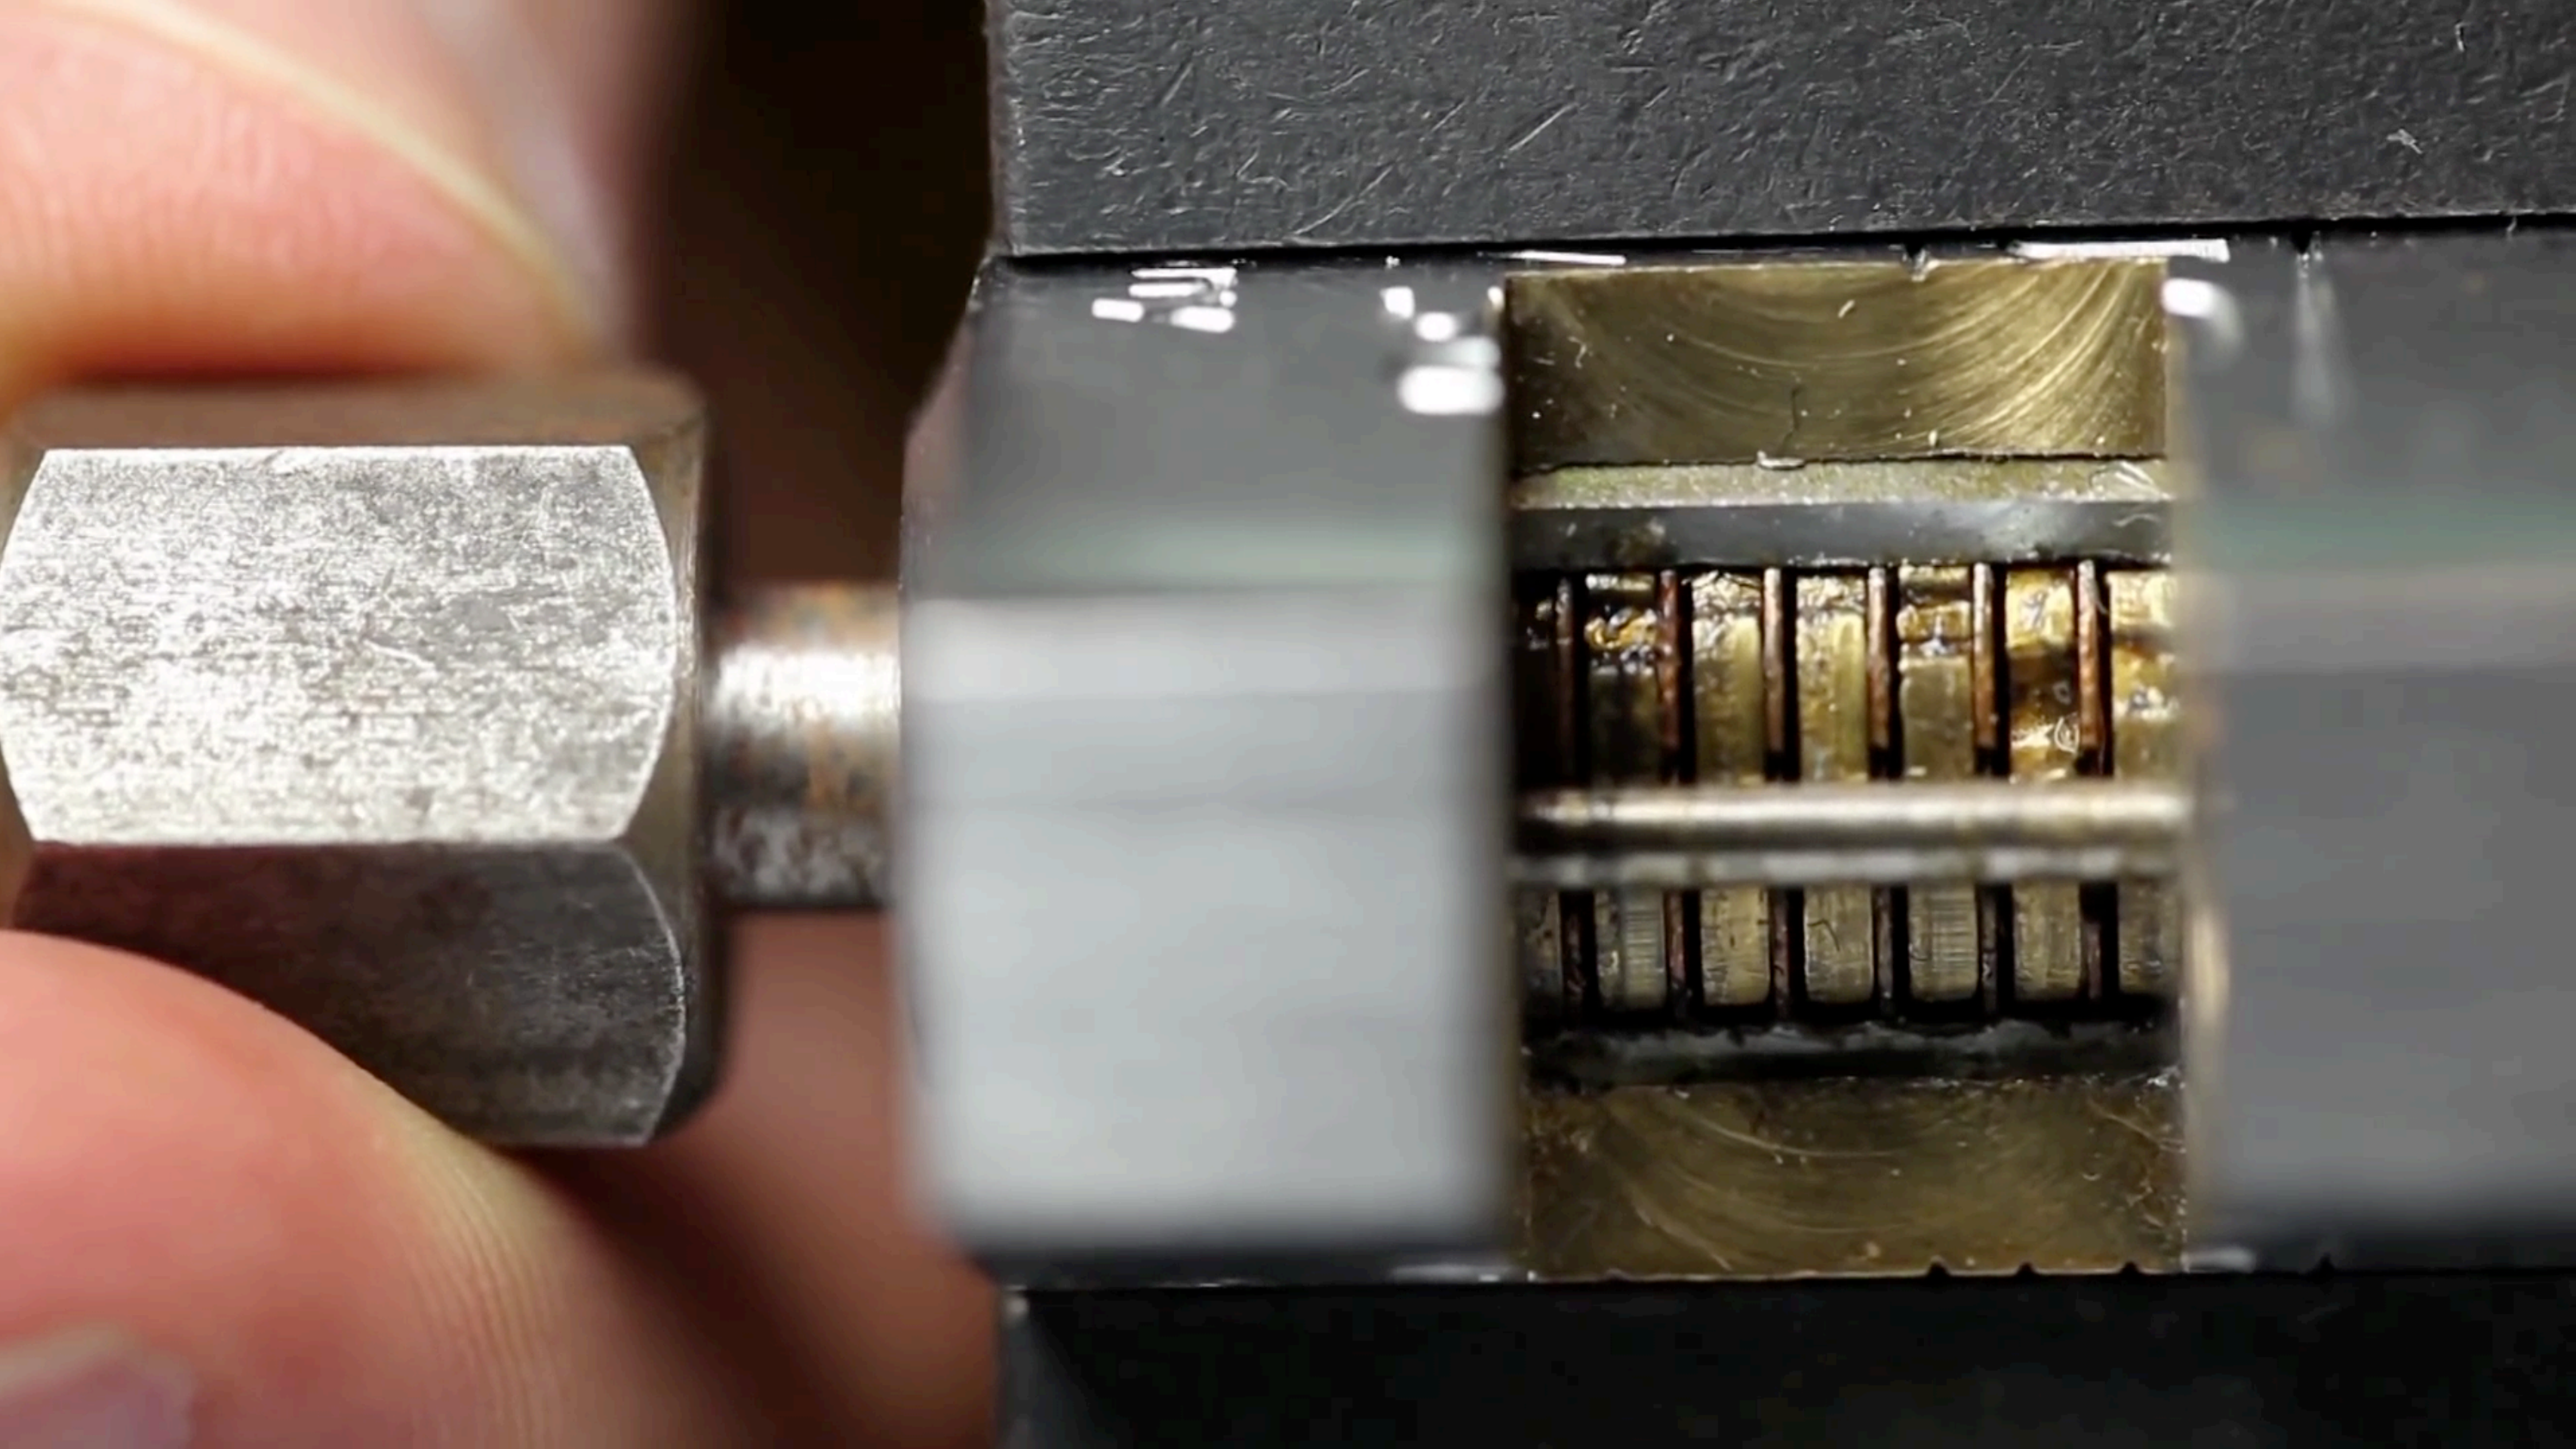

# MAGNETIC KEYED LOCKS

**OK BYE NOW**

**IF YOU WANT TO TRY IT  
FOR YOURSELF. STICK  
AROUND AFTER PIZZA!**
